

Believe that Satan is at work at a feverish pace in our world. He does not want us to have the love of Jesus or the knowledge of His existence. Gradually we have removed God from our schools, our government buildings, our pledge of allegiance . . . We as individuals, a nation and a hurting world need the positive and uplifting power of God through K-Love ministries. If you have never listened to K-Love, I encourage you to be touched and blessed by the music. I compassionately request that you allow us continue to receive the simple blessings of His love and sacrifice through K-Love radio.

Sincerely,
Alex Utsey, Amarillo, TX
